

### Day 1 Checklist – first 24 hours upon arrival:

- Injuries? Check and treat.
- Gather facts from all group members
  - What has been seen and where?
  - What has been heard? Source?
  - Make sure everyone is informed and educated on all information.
  - Notes should be taken to reference later rather than relying on memory.
- Determine potential threats if any? If so set up security watch right away.
- Get someone on comms to gain intelligence/information. This includes internet/radio/TV/social media/Ham/CB
- Inventory all supplies brought to retreat by members to add to inventory lists
- How much combined cash/silver/gold is on hand?
- If safe – formulate a supply run(s) to purchase additional supplies while the ability still exists(see “Supply Run Checklist” – coming soon)
- Get an inventory of all fuel.
  - How much is in each vehicle in gallons?
  - How much is currently stored?
  - Is it safe to go out for more? If so go get some. Get back quickly.
  - How much propane?
  - How much charcoal?
- If electricity is still on get all rechargeable batteries into a charger.
- Water running? If so fill all available containers.
- Set up sleeping arrangements at a minimum on a temporary basis.
- Cook a large, filling dinner – important for moral

### Day 2-3 Checklist:

- House rules – all determined by property owner
- Get pet’s situated that were brought to the retreat
- Everyone has communication methods on their body if they venture away from retreat more than “normal voice distance”
- Set up Security/Patrol schedules
- Get solar systems set up and running
- Set up potable water dispenser
- Based on current condition install *light* and *sound* discipline
- Set up water filtration methods
- Set up alternative bathroom facilities
- Set up bathroom/sanitation schedule
- Camouflage driveway entrance
- Set up medical station for self-treatment of minor cuts, burns, and scrapes
- Determine any specific projects that need attention and seek volunteers/assign duties
- Reach out to family and friends – OPSEC!!!!

### Day 3-7 Checklist:

- Determine outward patrol location and schedule
- Set up LPOP areas
- Set up defensive position and assign members to areas
- Review communication protocols between members in defensive situations
- Determine procedure for dealing with strangers/approaching people
- Gather and set up rain gear/clothing
- Double-check food inventory to determine how many days available for group
